Application for use of the Memorial Garden

The Memorial Garden provides a place for reflection about those who have worshiped with us and those who are friends and members of our CVUU community. Individuals may be recognized on the Memorial Garden Plaque to sustain individual connection with our community after their passing and remind us of them. Individuals may also choose to have a portion of their cremains scattered in the area. Fees for non-CVUU members are available from the Church Administrator. Please return application form to Church Administrator.

Spreading of Cremains in the Memorial Garden

A small portion of cremains (one third cup) may be scattered in the Garden, without individual markers. For the health of the grounds, the cremains must be mixed in a 1- to -3 ratio with an organic product which will assist with the decomposition of the ashes in the natural environment. CVUU will provide the product.
